

Criminal Minds Knowledge Base

This knowledge base is for the television show called Criminal Minds. I created the knowledge base from the 15 websites took the those sentences took the top 10 words used and checked to see if those words were use on the sentences. If the words were in the sentence it would be added to the knowledge base of that word. The top 10 terms of the knowledge base was criminal, minds, series, fbi, episode, season, new, tv, review and deadline. A sample dialogue would be to get information about criminal minds like asking questions about the tv show criminal minds. It will take the key words from the customer like “ when is the next season of criminal minds” then look at what sentences are similar to those words in the sentence given a return sentences similar to what the question was. Sample Dialogue: (chatbot) “what would like to know about criminal minds?”. User asks question like “ Criminal mind reviews” it will return relevant sentences of criminal mind reviews.
